## THE MEMORIAL ARCH

Association Inaugurates Movement for Collection of Funds.

## DECLINES TO SUSPEND OPERATIONS

Request for Co-operation of Promoters of the Canton Movement.

WORK IN DEPARTMENTS

The William McKinley National Memorial Arch Association having received from the association for the erection of the McKinley nonument at Canton, Ohio, a request that it suspend its appeal to the public for contributions until the fund deemed necessary for the erection and maintenance of the Canton monument was secured, has determined that it would be impracticable to do so, because the indefinite delay invoived would mean the defeat of its purpose.

It is stated, however, that in its desire to work in harmony with the association for the erection of the Canton monument, believing that both memorials should be, and could be, erected by popular subscription, it has, through its executive committee, telegraphed President Day and Vice President Hanna, asking them to lay before the executive committee of the Canton monument association, at its meeting in Cleveland tomorrow, a proposition for joint ac-tion by the two associations in the collection of funds and for their distribution on an agreed basis.

The details of the proposition have been

mailed in a letter written on behalf of the executive committee by Secretary Gage, treasurer of the William McKinley National Memorial Arch Association. Prompt action is asked by the latter association in order that the national movement for a national McKinley memorial at the national capital may not be endangered by delay.

#### Express Surprise.

The members of the executive committee of the national memorial arch association were surprised at the action of the Canton monument association. They had every reason to believe in the inception of the undertaking, which began simultaneously with the Canton association, that the promoters of the last-named project were agreed with them that the two could work in harmony and at the same time for the objects which each had in view. The officers and members of the several committees of the national memorial arch association still believe that both memorials shall be, and can be, erected by popular subscription, without conflict, if no undue

delay occurs in either case.

It was unanimously agreed by the executive committee, with all due deference to the request of Senator Hanna, that after having, as the result of much hard work, practically completed a national organizaion, covering the whole country, and after having received from every state and territory assurances of enthusiastic support, ndicating the general desire of the people for the erection of a national memorial at the national capital, the prosecution of the work ought not to be suspended in-definitely, and so defeated altogether, but that an effort should be made to arrange a modus vivendi, under which both memorials could be promptly secured.

Those present at the meeting yesterday besides the chairman, Mr. Charles J. Bell, who presided, were Secretary Gage, Commissioner Macfarland, Gen. John M. Wilson, ex-Sevretary John W. Foster, Mr. John W. Douglass, Mr. Beriah Wilkins, Mr. Theo-dore W. Noyes, Mr. John Joy Edson, Rev. Dr. Talmage, Mr. Mitchell Dyrenforth, Dr. William T. Harris, Mr. E. Southard Parker, Mr. W. S. Hutchins, Gen. H. V. Boynton and Col. Reber, representing Gen. Miles.

## Other Departments.

Mr. Smith said that he would give all his assistance to aid the movement by collecting funds through appealing to the employes by means of circular letters. Rufus B. Babson, representing the Interior Department, that the disbursing officer of the department be authorized by the Dis trict chairman to solicit contributions from the clerks on his pay rolls, the sum to be deducted from their pay at the ensuing pay day.

F. H. Stickney, for the Navy Department, moved that the respective chiefs in the various divisions of the Navy Department be authorized to take up subscriptions in their respective offices and turn them over to him. The motion was adopted. The following were named by Mr. Stickney as his aids: M. M. Smith, A. C. Wrenn, D. A. Denison, E. S. Brandt, D. A. Green, W. H. H. Smith, N. J. Faucett, C. T. #### AMUSEMENTS.

"THE FOREST LOVERS."-To Daniel Frohman belongs the credit of introducing to stellar honors Bertha Galland, whose success as the princess in "The Pride of Jennico" last season is well remembered. Miss Galland is appearing under Mr. Frohman's management and her play is "The Forest Lovers," a melodramatic romance in five acts, dramatized from the novel of that name by Miss Clo. Graves and A. E. Lancaster. The play had a long run at the Lyceum Theater, New York. The action begins at Spurnt Heath, Morgraunt forest, and introduces Dom Galors de Born, the wicked soldier-monk; Maulfry, the baleful siren of Tortensier; Lady Isabel, the proud Countess of Hauterive: Prosper Le Gai, the gallant young knight errant, and, finally, Isoult, the desirous, the strange woodland elfin girl, who is the heroine of the story. These characters and others are well known to readers of Maurice Hewlett's story. The scenery is beautiful, the costumes are correct and handsome and the company strong. Miss Galland in "The Forest Lovers" will be the attraction at the New National rext week, with matinees Thanksgiving day and Saturday. The seat sale will begin to-

"MISS BOB WHITE."-Willard Spenser's latest opera will be presented at the Columbia next week. It comes with the record of a hundred consecutive performances in Philadelphia at the very close of the last theatrical season, and with a fine cast and enlarged orchestra. The success attained by Mr. Spenser with his two former operas, "The Little Tycoon" and "The Princess Bonnie," was such as to encourage him to do even better things. Messrs. Nixon & Zimmerman, its producers and managers, have invested money with prodigal liberality in the production. The cast includes the Jackson. Richard F. Carroll, Frank Deshon, Thomas Whiffen, William B. Philp, Nicholas Burnham, Albert Froom, Mathilde Proville, Edna Burd and Alice Campbell. "PUDDINHEAD WILSON."-The Bellows Stock Company will produce the late Frank Mayo's dramatization of Mark Twain's popular story, "Puddinhead Wilson," at the Lafayette next week. White Whittlesey will appear in the title role, it being his first appearance in a character part since he became leading man of the Bellows organization. It is a long time since "Puddinhead" was seen in this city, and its rich humor and delicate pathos are pretty sure to find renewed appreciation. There will be a special matinee performance of "Puddinhead Wilson" on Thursday afternoon, Thanksgiving day, of next week.

LOST RIVER.-The next attraction at the Academy of Music will be Joseph Arthur's celebrated pastoral melodrama "Lost which ran for six consecutive months in New York last season, and which is said to be even a better play than "Blue Jeans," another of Arthur's popular stage stories. There are a number of mechanical devices and much live stock used in "Lost River, both of which are said to lend much realism to the scenes. The play re-ceived its title from a river in southern Indiana, which springs from the base of one mountain, and after flowing along for several miles disappears through a cavern and is lost forever. Among the many thrilling situations which the author relates is a ride for life by the hero and heroine, pursued by the villain, all three of whom are mounted on bicycles. Another exciting incident occurs when the little heroine dashes through the big tollgate on horseback followed in hot haste by two mounted robbers. The company which will present "Lost River" is headed by Paul Gilmore, who has been specially engaged for the

For one of his tricks Ten-Ichi eats several live coals, and, blowing the sparks from his mouth, sets off a display of pyrotechnics, thus ending the act in a blaze of fire. The Gainesborough octet, four men and four women, is another act that has been one of the big successes of the present season. Their act is founded on the theft of the famous Gaines-borough portrait of the Duchess of Devonshire, and is one of the most picturesque features now in vaudeville. Will M. Cressy and Blanche Dayne have given in the past with "Grasping an Opportunity," and "The Key of C" pleasures that are in-"The Key of C" pleasures that are indicative of the good things to be found in Mr. Cressy's latest sketch, "A Village Lawyer." Leon Morris' comedy trick ponies have been seen in Washington before. Their number has been increased and some new and original tricks have been added to their repertoire. The other num-bers on the bill are Bimm-Bomm-Brrr, a trio of musical clowns from Europe, who play on every conceivable musical instru-ment; Ada Arnoldson, the Swedish nightingale: Monroe and Wesley, "A Man and a Half"; Chalk Sunders, who draws cartoons of famous men and illustrates current events, and the three Melrose Brothers, carefular prices will proved to the control of the control acrobats. The olio will be headed by Mr. and Mrs. Robbins in their newest sketch called "The Morning After." These two entertainers are among the most noted in the vaude-ville world, and their previous appearances in Washington in the sketch "Coursel for in Washington in the sketch "Counsel for the Defense" won for them a very ex-cellent reputation. Callahan and Mack, the clever Irish comedians, will provide a budget of new jokes and songs, and Gi-rard Leon's troop of singing and performrard Leon's troop of singing and performing donkeys will be a decided novelty, and one that will no doubt create no little interest. Mabel Sisson and May Stewart will furnish some bright and lively humor, and sing some songs in their own inimita-ble manner. JOSEF HOFMANN. - Josef Hofmann, never vain, either as child wonder or as young man, nor arrogant as an artist, has excuse for pride in the reception accorded him at Carnegle Hall Friday afternoon and Saturday evening last, when he appeared as soloist with the New York Philharmonic as soloist with the New York Philharmonic Society at their first concert. The display of feeling on both of these occasions was gratifying in the highest possible sense. In addition to his appearance with the Philharmonic Orchestra, he is to play in New York again with the Boston Orchestra early in December. Hofmann played the Rubinstein Concerto and he played it brilliantly,

with splendid spirit and color. His coming tour, which is now completely booked, so his manager, Mr. Henry Wolfsohn, says, is the longest that Hofmann has ever undertaken in this country. #### SUMMING UP THE LOSSES.

Results of the Fire on Delaware Avenue Yesterday Afternoon. The damage done by the fire on Delaware avenue northeast yesterday afternoon, as stated in The Star, amounted to about \$15,000, although the exact amount is not yet known. It is believed the damage to the big brick structure occupied by Mr. W. H. Michael as a flour, feed and grain establishment amounted to about \$7,000, while the stock was valued at \$5,000. Mr. Michael carried an insurance of \$3,000 on his stock, and the building, which belonged to the Jacob Tome Institute of Port Deposit, Md., was also partially insured. The property of the National Dairy Company was damaged to the amount of \$1,300, of which \$1,000 was to the stock and \$300 to the building. This property belongs to the McGill estate. Two freight cars were also burned, but were not totally destroyed, as was supposed yesterday.

It is stated that the plant of the National Dairy Company will be repaired without delay, and that business will be resumed

Death of Mrs. Marie Mussey Barringer The sudden death at her home in Northwest Washington, the 17th instant, of Mrs. Maria Mussey Barringer is announced. Mrs. Barringer was the widow of Victor C. Barringer, judge of the Egyptian appellate court. Restricted by invalidism during her later years, Mrs. Barringer's remarkable powers as a conversationalist and writer, her rare and winning attributes as a friend, were appreciated only within the narrow circle in which she moved.

Those of her countrymen, however, who recall her gracious hospitality in the oriental home of her adoption recognize the loss not only of a brilliant hostess, but of true-hearted friend of the rarest worth, and of a loyal compatriot as well.

The polyglot colony of Alexandria will long remember the honored judge and his wife. Serving his country first as an attache while with his elder brother, then American ambassador to Spain, Judge Barringer later gave the best years of his life as her judicial representative on the inter-national bench of Egypt. Judge Barringer was a native of North Carolina, but he and his wife were well known to the older generations of Washingtonians during their long stay here, when he served as a mem-ber of the code commission of the early seventies. Mrs. Barringer was a devout Episcopalian and devoted much of her means to charity.

Death Warrant Read to Henry Boyd. Henry Boyd, colored, who was convicted at Morlboro' at a recent session of the cirsuit court of the murder of Martha Oden, is to be executed the 17th of January. The date for his execution was recently fixed by Gov. Smith and the death warrant was read to the prisoner Monday night by Sheriff Shea.

## Catarrh.

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured

by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect. R. Long California Junction, Iowa, writes: "I had catarrh three years, lost my appetite and could not sleep. My head pained me and I felt bad all over. Patrick J. Sullivan Succumbs to Effects of Illuminating Gas. Patrick J. Sullivan, the art decorator, whose home was in Boston and who was overcome by illuminating gas at the house of Miss Hansford, No. 241 North Capitol street, where he boarded, died at the Casualty Hospital last night between 9 and 10

As published in Monday's Star, Sullivan was found in an unconscious condition early Monday morning. He had made an effort Sunday night to repair the rubber tubing and had failed to make a success of it. Gas escaped from a slit in the tube, and when found Sullivan was unconscious. A physician was called and the sick man's condition showed such signs of improvement that he was thought to be out of danger. Later in the day, however, a change for the worse occurred, and friends had him taken to the hospital, where he died, as stated. Relatives of the dead man were notified of the fatal termination of the accident, and the body will probably be sent to Boston for
